Summary of reasons for decision:

The publication was submitted as part of a batch of fourteen short movie files. The whole batch appears to be a collection of excerpts taken from a single film. This file shows a naturist family celebrating Christmas. Both adults and children are naked throughout the publication, however their nudity is not reasonably capable of being regarded as sexual in nature. The intended audience may include viewers who are motivated by sexual voyeurism. There are, however, no grounds for restricting or banning the publication under the Films, Videos, and Publications

Classification Act 1993, as it does not fall under any of the subject matters in section 3(1), or deal with section 3A or section 3B. The classification of this publication is consistent with the right of freedom of expression as set out in s14 of the New Zealand Bill of Rights Act 1990.
